EXPLORING PUERTO RICO!

ART 237
Documentary Photography

SPN 105
Conversational Spanish

Spend a week in the tropical island of Puerto Rico sharpening your photographic or Spanish language skills. The white sands of Luquillo Beach, the Caribbean national forest of El Yunque, and historic Old San Juan are just some of the exotic locations ideal for unique and varied photographic studies. Throughout the trip, participants will be immersed in the culture of Puerto Rico providing opportunities to use Spanish in real life situations.

This unique cultural experience is two fold. Photography students will have the opportunity for extended photographic documentation. Upon their return to campus, students will produce a distinct body of work consisting of traditional or digital photographic prints. Modern language students will have the opportunity to increase their language competence and confidence by visiting culturally important sites and interacting with native Spanish speakers.
