

2011-12 Dependent Student Verification Worksheet

Your application was selected for review in a process called "Verification." In this process, the office will be comparing information from your application with signed copies of your (and your parent(s)) 2010 tax forms, and/or other financial documents. The law requires that we ask you for this information before awarding Federal aid. If there are differences between your application information and your financial documents, we may need to make corrections on your Institutional Student Information Record (ISIR) and have a new ISIR processed. This can delay processing for you. Please be sure to complete all sections. **Do not leave blanks.**
