

# HUMANITIES TREASURES

*Coordinated by Ethel Mittenthal*

Join these weekly discussion programs to read, interpret, and discuss excerpts from selected works of literature and art. Participants examine the works of distinguished writers and artists, relating these works to their own experiences and considering issues of profound meaning. Groups meet at various locations throughout the district. For more information contact Ethel Mittenthal at 847-635-1471 on Tuesday or Thursday. Participants must register for the discussion they attend. Call the number listed for the group you would like to attend.
