You've Got To Be Carefully Taught
(By Rodgers & Hammerstein, from the musical, "South Pacific")

3/4 time

G                    Am
You've got to be taught, to hate and fear.
G                    Am
You've got to be taught, from year to year.
G                      Em           D7
It's got to be drummed... in your dear little ear.
C         Am     D7 G
You've got to be carefully taught.

G                    Am
You've got to be taught, to be afraid
G                    Am
Of people whose eyes... are oddly made,
G                      Em           D7
And people whose skin... is a different shade.
C         Am     D7 G
You've got to be carefully taught.

C         Em                      C
You've got to be taught, before it's too late;
Em                            C
Before you are six, or seven or eight,
G                        Am        D7
To hate all the people your relatives hate...
G         G7        C
You've got to be carefully taught...
Em        C    D7 G
You've got to be carefully taught.
