

# Girl, You'll Be A Woman Soon

(By Neil Diamond) *Capo at 3<sup>rd</sup> fret*

**Em** **D** **A7** **D** **Em**  
Girl. . . you'll be a woman... soon...

**Em**  
Love you so much, can't count all the ways  
**Em** **D**  
I'd die for you girl, and all they can say is: "He's not your kind."  
**Em**  
They never get tired of puttin' me down,  
**Em** **D**  
And I never know when I come around... what I'm gonna find  
**C**  
Don't let them make up your mind... don't you know,

**Em** **D** **A7** **D** **Em**  
Girl. . . you'll be a woman soon.

**G** **A7** **D**  
Please... come take my hand.

**Em** **D** **A7** **D** **Em**  
Girl. . . you'll be a woman soon.

**G** **A7** **D**  
Soon. . . you'll need a man.

**Em**  
I've been misunderstood for all of my life,  
**Em** **D**  
But what they're sayin', girl, just cuts like a knife: "The boy's no good."  
**Em**  
Well, I finally found what I've been looking for,  
**Em** **D**  
But if they get the chance, they'll end it for sure; I'm sure they would.  
**C**  
Baby, I've done all I could... It's up to you,

*(Repeat Chorus)*

*(Instrumental break: C - B7 - C - B7)*

**Em** **D** **A7** **D** **Em**  
Girl. . . you'll be a woman soon.

**G** **A7** **D**  
Please... come take my hand.

**Em** **D** **A7** **D** **Em**  
Girl. . . you'll be a woman soon.

**G** **A7** **D**  
Soon. . . you'll need a man.

*(Repeat chorus and fade)*
