

## EMT to Paramedic Bridge Seminar Information

The EMT to Paramedic Bridge Seminar is a 16-hour continuing education seminar designed to bridge the gap between EMT and Paramedic Programs. Our goal is to prepare students for success when it comes to the high standards of a Paramedic Program. This informal seminar is aimed to motivate and excite students interested in the EMS field with lectures, hands on learning, and interactive discussions. The seminar fee is \$200. This seminar has an IDPH site code, and all participants will receive a certificate on the last day of class to use for continuing education hours should their EMS System accept it. **Note: This seminar is not a requirement for program applicants.**

### *Seminar content includes:*

- -BLS Review
- -Anatomy and Physiology/Body Systems
- -Cardiac
- -Common Diseases/Conditions and associated Pathophysiology
- -Pharmacology
- -Paramedic Program Entrance Exam Prep (helpful to applicants for next class and current students needing to brush up exam skills before class begins).

### *Seminar sessions (from 5pm-9pm all dates):*

1. November 11, 13, 18, 20, 2025
2. December 9, 11, 16, 18, 2025
3. January 6, 8, 13, 15, 2026

### *Seminar Location:*

\*Tentative location - ALGH EMSS Office: 8820 Dempster St, Niles 60714
