As part of the Learning Center, Oakton’s Testing Center administers placement tests for English and mathematics, which are used to determine students’ appropriate math and English course placement. These test results are valid for two years. The Testing Center also offers other exams, such as the NLN Pre-Admission Test, which assesses the academic knowledge of applicants in the areas of Verbal Ability, Mathematics, and Science. It is required by Oakton’s Associate Degree Nursing Program. **Students must register for math and English placement workshops in the fall 2008 term.**

**Math Placement Test Workshops**

The following classes are Rapid Review courses, single-session workshops intended to provide a brief review of concepts and practice problems.

For questions regarding placement results and waivers, contact the math placement coordinator at www.oakton.edu/acad/dept/mcs/mat/placement/matcoord.html.

**PRE-ALGEBRA PLACEMENT TEST WORKSHOP**  
**FEE: $25**

This workshop is designed for students who want to place out of MAT045/047 and at least into MAT052. Topics include addition, subtraction, multiplication, division of integers, fractions, and decimals; Order of Operations; ratio and proportion; percentage; average (arithmetic mean); exponents; multiples and factors of integers; absolute values of numbers; greater than/less than; conversions between fractions and decimals; estimation; counting problems and simple probabilities. Registration and course fees are not refundable if you do not take the workshop on the registered date. For more information, contact the Learning Centers at 847-635-1658/DP and 847-635-1434/RHC. Registration and course fees are not refundable.

**ELEMENTARY ALGEBRA PLACEMENT TEST WORKSHOP**  
**FEE: $25**

This workshop is designed for students who want to review material from Oakton’s Elementary Algebra class (MAT 052). Topics include order of operations with real numbers; algebraic expressions; exponents; basic operations with polynomials; rational expressions; linear equations and inequalities in one and two variables; roots; and radicals. Since the workshop is intended as a review, participants should have prior knowledge of arithmetic and basic algebra. For more information, contact the Learning Centers at 847-635-1658/DP and 847-635-1434/RHC. Registration and course fees are not refundable.

TES 04-01, OC/DP, 1 Tue., 11/18, 5-10 pm  CRN 40027  
TES 04-02, OC/SK, 1 Tue., 11/25, 5-10 pm  CRN 40028

**INTERMEDIATE ALGEBRA PLACEMENT TEST WORKSHOP**  
**FEE: $25**

This workshop is designed for students who want to review material from Oakton’s Intermediate Algebra class (MAT 120). Topics include order of operations with real numbers; linear equations and inequalities in one and two variables; absolute value operations and equations and inequalities; distance and midpoint formulas; systems of equations; basic operations with polynomials; factoring polynomials; rational expressions; linear equations and inequalities; complex numbers; quadratic equations; and functions. Since the workshop is intended as a review, participants should have prior knowledge of algebra. For more information, contact the Learning Centers at 847-635-1658/DP and 847-635-1434/RHC. Registration and course fees are not refundable.

**GEOMETRY PLACEMENT TEST WORKSHOP**  
**FEE: $25**

This workshop is designed for students who want to review material from Oakton’s Elementary Plane Geometry class (MAT 053). Topics include linear measurements; angles; congruence and similarity of triangles; area and parameter of polygons and circles; the Pythagorean Theorem; composite shapes; and volumes of solids. Since the workshop is intended as a review, participants should have prior knowledge of basic algebra and geometry. Contact the math placement coordinator: (www.oakton.edu/acad/dept/mcs/mat/placement/matcoord.html) for questions regarding placement results and waivers. For more information, contact the Learning Centers at 847-635-1658/DP and 847-635-1434/RHC. Registration and course fees are not refundable.

TES 06-02, OC/SK, 1 Mon., 12/1, 5-10 pm  CRN 40032

**COLLEGE ALGEBRA PLACEMENT TEST WORKSHOP**  
**FEE: $25**

This workshop is designed for students who want to review material from Oakton’s College Algebra class (MAT 140). Topics include operations with functions; inverse, polynomial, and rational functions; conic sections; exponential and logarithmic functions and equations; systems of linear and nonlinear equations and inequalities; sequences; and series. Since the workshop is intended as a review, participants should have prior knowledge of basic algebra. Contact the math placement coordinator (www.oakton.edu/acad/dept/mcs/mat/placement/matcoord.html) for questions regarding placement results and waivers. For more information, contact the Learning Centers at 847-635-1658/DP and 847-635-1434/RHC. Registration and course fees are not refundable.

TRIGONOMETRY PLACEMENT TEST WORKSHOP
FEE: $25
This workshop is designed for students who want to place out of MAT122 or the trigonometry component of MAT149 and into MAT250. Topics include Trigonometric functions and identities; Right - angle trigonometry; Trigonometric equations; Graphs of trigonometric functions; Special angles; Polar coordinates. This workshop assumes prior knowledge of intermediate algebra. Registration and course fees are not refundable if you do not take the workshop on the registered date. Contact the math placement coordinator (www.oakton.edu/acad/dept/mcs/mat/placement/matcoord.html) for questions regarding placement results and placement waivers. Check out www.oakton.edu/assess for placement test dates and frequently asked questions. Contact the Learning Center Specialist, at 847.376.7679 for more information about the workshop. Register at least one week before the workshop.
