Take Me Home, Country Roads  
(by Bill Danoff, Taffy Nivert, and John Denver)

G          Em
Almost heaven... West Virginia...
D7                  C        G
Life is old there - older than the trees;
D7                        C           G
Younger than the mountains, blowin' like a breeze.

G             D7           G    G7  C
Country roads... take me home... to the place... I belong.
G                  D7           C            G
West Virginia... mountain mama, take me home, country roads.

G                  Em
All my memories... Gather 'round her.
D7                  C                     G
Miner's lady, stranger to blue water.
G                Em
Dark and dusty, painted on the sky.
D7                        C                        G
Misty taste of moonshine, teardrop in my eye.
G                  D7           G    G7       C
Country roads... take me home... to the place... I belong.
G                  D7           C            G
West Virginia... mountain mama, take me home, country roads.

(Bridge:)
Em          D7                  G                G7
I hear her voice, in the mornin' when she calls me.
C                  Am
The radio reminds me of my home, far away.
G                      F                      C
And driving down the road, I get a feeling
Am                                D7
that I should have been home yesterday... yesterday...

(Repeat chorus twice, and end with:)

G                  D7                  G
Take me home... down country roads...
G                  D7                  C          D7  G
Take me home... down county roads.
